

Fitting Eyezen+ Lenses

Eyezen+ lenses require the following standard measurements:

- Monocular Distance PD
- Fitting Height (Simply measure from center pupil to the lowest point of the lens to acquire Fitting Height)

VisionWeb™ Ordering Instructions

1. Enter **PD** and **Height**
2. Select **Single Vision** under the **Lens Type** drop-down menu
3. Select *Eyezen+* **Lens Design** (based on patient's age) and **Lens Material** desired
4. Select optional **Treatment**

Bonus: Don't forget to add Crizal® No-Glare treatments to Eyezen+ Lenses for the most comprehensive protection.

The screenshot shows the VisionWeb ordering interface with four numbered callouts:

- 1:** Points to the PD and Height input fields for both Right Eye (RE) and Left Eye (LE). The Dist. PD fields are set to 32.00 mm and the Height fields are set to 17.00 mm.
- 2:** Points to the **Lens Type** dropdown menu, which is set to **Single Vision**.
- 3:** Points to the **Lens Design** dropdown menu, which is set to **Essilor Eyezen+ 1 (Enter Height)**.
- 4:** Points to the **Available Treatments** list, which includes Crizal Prevencia, Crizal Sapphire UV, Crizal Avance UV, Crizal Alize UV, and Crizal Easy UV.

Other visible elements include the **Lens Material** dropdown menu (set to Plastic 1.67), the **Job Type** dropdown menu (set to Frame To Come), and the **Selected Treatments** list.
