At Truckee Meadows Optical (TMO), our advanced digital, no-glare and edging technology is in-house – enabling our local team of skilled craftsman to turn your Rx work in record time.

Our state-of-the-art laboratory equipment and in-house coating facility lets us easily handle all your lens manufacturing needs. With our MEI edging technology, we can take your most difficult Wrap Frames and Interchangeable Lenses and turn them into the simplest Rx work – quickly every time.

At TMO, you are much more than an account number. We know all of our customers by name and value every relationship. We are focused on Rx Communication, Product Education and dedicated Customer Service.

TMO knows it's tough out there, and we are here to help! We offer practice consults on Managed Care, Capture Rate and Multiple Pair Dispensing through In-Office Training, Practice Building Programs, and Online Dispenser and Product Training. Let us show you how we can help increase patient satisfaction and practice profits!

TMO offers every premium optical lens product and coating available including: AO Sola, Crizal[®], Essilor[®], Eyezen+, Hoya, Kbco, Shamir, Transitions[®], Varilux[®], Vision Ease, Xperio UV[™], and Younger.

Our premium in-house no-glare coatings – Avalanche Ascent UV and Avalanche Ultra UV – enable us to deliver exceptional turn time with VSP Category D coatings.

TMO CHALLENGE!

Send us your most challenging wrap frame or interchangeable lenses for the best lab experience around.
